Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

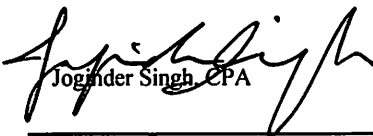

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Guru Nanak Foundation of America, Inc. as of December 31, 2020, and the changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consequently, revenue is recognized when earned and expenses when obligations are incurred.

Cash and Cash Equivalents

All highly liquid investments with original maturities of three months or less are considered to be cash equivalents.

Unrestricted Net Assets

Unrestricted net assets are those whose use by the Foundation is not subject to any donor imposed stipulations. Board designated voluntary restrictions, such as voluntarily earmarking assets for a particular purpose, are included among the unrestricted net assets of the Foundation. The board is free to designate certain portions of its funds for certain activities; however, these are included among unrestricted net assets since they are not bound by restrictions imposed by a donor.

Temporarily Restricted Net Assets

Temporarily restricted net assets are those whose use by the Foundation is subject to donor imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations. Generally, donor restricted contributions are reported as temporarily restricted even if those restrictions are met in the same reporting period the contributions are received. Currently, all temporarily restricted net assets are restricted for education and capital projects.

Permanently Restricted Net Assets

Permanently restricted net assets are those whose use by the Foundation is limited by donor imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Foundation. Income from these assets can be unrestricted or restricted based on donor stipulations. Currently, the Foundation does not have any permanently restricted net assets.

Contributions

The Foundation recognizes contributions and unconditional promises to give as revenue in the period received or promised whichever is earlier. All contributions are considered to be unrestricted unless specifically restricted by the donor. Contributions are reported as temporarily or permanently restricted if they are received with donor stipulations that limit their use or are subject to time restrictions. A donor restriction expires when a purpose restriction is accomplished or a stipulated time restriction ends. Upon expiration, temporarily restricted net assets are reclassified to unrestricted net assets in the Statement of Activities as net assets released from restrictions.

Property and Equipment

Acquisitions of property and equipment are recorded at cost and depreciated using the straight-line depreciation method over the estimated useful life of the respective assets, which range from 3 to 40 years. The Foundation capitalizes all property and equipment purchased with a cost of \$5,000 or more.

When assets are sold or retired, the related cost and accumulated depreciation are removed from the accounts. Any gain or loss resulting from disposition is credited or charged to operations. Expenditures for equipment repairs and maintenance are charged to operations as incurred.

Functional Allocation of Expenses

The cost of providing programs and other activities has been summarized on a functional basis in the statement of activities. All indirect expenses, other than fund-raising, depreciation and interest expense are recorded in the Gurdwara Committee program expenses.

Tax Status

The Foundation is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code; accordingly, no provision for federal and state income taxes has been recorded in the accompanying financial statements. GNFA has gained an exemption from the Montgomery County, Maryland from local real estate taxes effective January 1, 2005.

There was no unrelated business income during the year ended December 31, 2020. There were no uncertain tax positions as of December 31, 2020.

Management Estimates and Uncertainties

The preparation of financial statements in conformity with accounting principles generally accepted in United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The estimates susceptible to significant changes include, among others; those used in determining the cost of land parcels purchased and building improvements made in prior years and useful lives of respective assets. Management believes the estimated amounts used for the financial statements are reasonable and disclosures in the financial statements are adequate.

In 1978, the Foundation purchased adjacent land of 1.85 acres at an approximate cost of \$60,000. In 1992, the Foundation made major improvements to the existing building at an approximate cost of \$290,000. In November 2001, the Foundation purchased additional land of 396,445 square feet for approximately \$1.8 million. In 2003, Maryland State Highway recouped approximately 1 acre from the Foundation for their highway extension project, for which they paid the Foundation approximately \$200,000 in 2003 and an additional \$40,000 in 2005. In 2014, two land parcels of combined size of approximately 8.42 acres, were donated to the Foundation. The land was recorded at \$1,373,413 which was the assessed value for transfer to the Foundation.

The two land parcels of combined size of approximately 8.42 acres located at 18201, Indian Head Highway, Accokeek, MD 20607, which were donated to the Foundation in 2014 were sold in June, 2019. The approval to sell the said parcels of land was made at the General Body Meeting held on November 2, 2014. The said parcels of land were sold at a price of \$1,225,000.

4. Note Payable

On August 8, 2012, the Foundation entered into a loan agreement ("Loan") with Sandy Spring Bank (the "Lender"), a Maryland banking institution and borrowed \$1,000,000. The bank loan is secured by a 1st Deed of Trust on 12917 Old Columbia Pike, Silver Spring, Md 20904. On August 8, 2014, this loan was modified to be extended by three years, at a lower interest rate. This loan was again modified on August 8, 2017 at an interest rate of 4.53% per annum in monthly installments of principal and interest in the amount of \$4,192. The loan was supposed to mature in August 2020 at which point the board had planned to seek modification of existing terms. The maturity has been extended by the bank, till March 2021, pending a refinancing decision.

As of December 31, 2020, the Foundation and the Guarantors were in full compliance with all debt covenants related to the above Loan. At December 31, 2020, the Foundation's minimum payments under the Loan are as follows:

Year ending December 31, 2019	\$ 524,923
Less: amount representing principal and interest	<u>(50,301)</u>
Total future payments as December 31, 2020	\$ 474,622
Loan payable- current portion	\$ 23,643

The bank loan is secured by a 1st Deed of Trust and assignments of leases and rents on 12917 Old Columbia Pike, Silver Spring, Md 20904 and 1st lien on all business assets of the Foundation.

5. Concentration of Credit Risk

Financial instruments which potentially subject the Foundation to a concentration of credit risk principally consist of cash and cash equivalent, Certificate of deposits, Letters of Credit and the Loan payable. The Foundation maintains cash and deposit balances at several financial institutions and the cash balance at each financial institution is insured under the Federal Deposit Insurance Corporation (FDIC) up to a certain limit. At times, the balances in cash and deposit may exceed the balance insured by the FDIC. However, the Foundation has not experienced any losses related to this concentration to date and believes it is not exposed to any significant credit risks.

As of December 31, 2020, the Foundation had the following Letters of Credit:

- a) A \$535,265 Performance Letter of Credit secured by hold on the following:
 - i) 2nd Deed of Trust and assignment of leases and rents on 12917 Old Columbia Pike, Silver Spring, MD 20904.
 - ii) 1st Deed of Trust on 12901, 12821 and Parcel 905, Old Columbia Pike, Silver Spring, MD 20904
 - iii) \$175,750 hold on bank deposits of various individuals on behalf of the Foundation.

- b) A \$174,300 Performance Letter of Credit secured by hold on the Foundation's money market account number 161060627.

6. Commitments and Contingencies

The Foundation is planning to construct a new building for a Gurdwara, a school and a clinic. In June 2010, the Foundation signed a contract in the total amount of approximately \$102,000 with a third-party engineering company to conduct environmental studies, land surveying and development services and obtaining relevant permits from the County's Planning and Park Commission. At December 31, 2014, partial amount of work related to the above contract had been done. In 2017, work on this project has been ramped up as can be indicated by the substantial amounts being transferred from temporarily restricted to unrestricted net assets.

In 2018, additional land improvement work was performed and an amount of \$530,294 was transferred from temporarily restricted to unrestricted net assets.

In 2019, additional land improvement work was performed and an amount of \$372,638 was transferred from temporarily restricted to unrestricted net assets.

In 2020, additional land improvement work was performed and an amount of \$660,038 was transferred from temporarily restricted to unrestricted net assets.

As of the date the Financial Statements were available to be issued, the following commitments and contingencies are to be taken into account:

- a) Peterson Real Estate Company has filed a suit for \$75,000 after December 31, 2020 alleging breach of Sale-Purchase Agreement made on 31 May, 2017 for the sale of land located at 18201, Indian Head Highway, Accokeek, MD 20607. The foundation is contesting this suit. An answer, counter claim and a motion to join a third party defendant, which is holding an escrow amount of \$25,000 received in 2017, have been filed on behalf of the Foundation.

7. Covid-19 Food Drive

During the year 2020, the Foundation started a food drive to help the public during Covid-19 pandemic. Included in the Contributions/Donations under Revenues is an amount of \$49,064.41 which are receipts from the food drive in 2020. An amount of \$38,361.28 has been utilized from these receipts towards Covid-19 food drive expenses in 2020.

8. Subsequent Events

The Foundation has received a donation of call options for TSLA shares with price target of \$590 with the expiration date of January 15, 2021. The Foundation sold these shares on January 4, 2021 and received proceeds of \$42,750. The transaction has been reflected in accounts of the Foundation in the year 2021.

In preparing these financial statements, the Foundation has evaluated all relevant events and transactions for potential recognition or disclosure through the date the financial statements were available to be issued.
